You don't need to prove your knowledge of English if you're a national of, or if you have completed a qualification equivalent to a UK degree in, any of these countries.

You must pass your first assignment set during the two-week induction period in order to continue with your studies.

***You are required to pass your initial assignment set during the first 21 days of the course in order to continue with your studies**

- **Assessment**

We adopt an assignment-based approach to assessment instead of exams. Business and management assignments are based on real life work experience and assessed by tutors on an ongoing basis. You are always aware of your current provisional grade right from the start of the programme, allowing you to evaluate the success of your current study methods and clearly identify areas to improve.

We believe that this transparency gives you the information you need to make the most of your course. We achieve this by:

- showing your marks clearly in your gradebook, which can be viewed whenever you log onto the learning platform
- the rapid turnaround of work assessed to ensure that your gradebook is always up to date
- assessing your work throughout the module rather than waiting for end of year exams
- ensuring you have regular contact with your Student Adviser
- the simplicity and transparency in the design of our assessment criteria

We also have a policy of ensuring that work submitted by students is authentic. As well as the fact that all work is frequently assessed, we use a well-established electronic monitoring system to check for plagiarism.

On successful completion of your Bachelors degree in Business and Management, you will be invited to attend a graduation ceremony at the University of Essex, Colchester Campus
