- **Assessment**

We adopt an assignment-based approach to assessment instead of exams. Assessment for the PG Dip International Trade and Commercial Law will be based on a combination of written coursework. You will always be aware of your current provisional grade right from the start of the programme, allowing you to evaluate the success of your current study methods and clearly identify areas to improve. We believe that this transparency gives you the information you need to make the most of your course. We achieve this by:

- showing your marks clearly in your gradebook, which can be viewed whenever you log onto the learning platform;
- the rapid turnaround of work assessed to ensure that your gradebook is always up to date;
- assessing your work throughout the module rather than waiting for end of year exams;
- ensuring you have regular contact with your Student Adviser; and
- the simplicity and transparency in the design of our assessment criteria.

We also have a policy of ensuring that work submitted by students is authentic. As well as the fact that all work is frequently assessed, we use a well-established electronic monitoring system to check for plagiarism.
