

- **Overview**

This short online Certificate of Higher Education (CertHE) in Healthcare Management course is the perfect introduction to mixing the challenging worlds of both health and management. *

Throughout the programme, you'll gain awareness of topical healthcare subjects whilst starting to build links with contemporary healthcare problems and their interaction with business and management. You'll also gain a fundamental understanding of management topics including finance, human resource management and business management. You will learn to recognise the key contemporary challenges associated with healthcare management as well as how to communicate your ideas both orally and in the context of a written presentation.

In addition to the subject-specific knowledge that you'll gain, you will also develop a wide range of transferable, career-related skills including the ability to understand data, solve problems and learn how to confidently communicate and discuss issues in a professional environment.

With an indicative study duration of 16 months, this programme can be completed as a stand-alone qualification or used as a stepping stone towards our full BSc (Hons) Healthcare Management degree.

* The start date and details of this course are still subject to University approval. In the event that approval is not granted by your course start date, an alternative date will be offered or a full refund given. If we need to make changes to this programme as part of the University of Essex validation process, we will communicate these to you at the earliest possible date.

- **Course structure**

The CertHE Healthcare Management is made up of the following modules and, upon completion, is equal to a total of 120 credits.

- **Level 4 modules:**

Introduction to Healthcare Management (15 credits)
Global Health (15 credits)
Business Management Skills (15 credits)
Introduction to Finance (15 credits)
Human Resource Management (15 credits)
Health, Society & Public Policy (15 credits)
Personal and Professional Development 1 (30 credits)

Upon completion of your CertHE Business and Management, we offer the opportunity for you to progress on to study for a full Bachelors degree (360 credits).

*** These modules are core and must be passed in order to achieve the award.**

- **Course Duration:** 16 Months
- **Mode:** Online

- **Entry requirements**

We believe that education should be accessible for everyone, so we offer an Open Entry Route that means you do not need any previous academic qualifications to start our CertHE Healthcare Management course.

You will be allowed to start the CertHE Healthcare Management course and make an assessment of whether it is right for you during the first three weeks. You must pass your first assignment set during this time in order to continue with your studies.

If English is not your first language, your English ability should be equivalent to an IELTS (Academic) score of 6.0.

If you do not hold an IELTS or equivalent qualification, we require students to pass a free online English test.

You don't need to prove your knowledge of English if you're a national of, or if you have completed a qualification equivalent to a UK degree in, any of these countries.

- **Assessment**

We adopt an assignment-based approach to assessment instead of exams, Healthcare Management assignments are based on real-life work experience and assessed by tutors on an ongoing basis. You are always aware of your current provisional grade right from the start of the programme, allowing you to evaluate the success of your current study methods and clearly identify areas to improve.

We believe that this transparency gives you the information you need to make the most of your course. We achieve this by:

- showing your marks clearly in your gradebook, which can be viewed whenever you log onto the learning platform
- the rapid turnaround of work assessed to ensure that your gradebook is always up to date
- assessing your work throughout the module rather than waiting for end of year exams
- ensuring you have regular contact with your Student Adviser
- the simplicity and transparency in the design of our assessment criteria
-

We also have a policy of ensuring that work submitted by students is authentic. As well as the fact that all work is frequently assessed, we use a well-established electronic monitoring system to check for plagiarism.
